CONDITIONS OF SALE

1. All bids to be PER PIECE as numbered in the Catalogue, unless otherwise indicated.
2. Bidding for responsible parties on orders transmitted by mail, telegraph, or telephone will, if conditions permit, be faithfully attended to by the Galleries without charge. All such bids will be used competitively, and any purchases so made will be subject to these conditions of sale. Order bids for execution by the Galleries must be so clearly worded that no misunderstanding can possibly develop. The lot number must be given, together with the name of the object, and a bid on several items catalogued under a single number should be stated to be so much per piece unless the catalogue description includes the notation "LOT," in which case the bid should be stated to be so much FOR THE LOT. Adequate shipping directions should, also, be given. Parties unknown to the Galleries must send a deposit or satisfactory references.
3. The highest bidder to be the buyer. In all cases of disputed bids, the right is reserved to resell the lot in question, but the decision of the auctioneer regarding the good faith of all claims shall be final.
4. Any bid may be rejected by the auctioneer if in his judgment such bid would be likely to affect the sale injuriously.
5. The buyer of each lot, when so required, shall sign a card giving the lot number, amount for which sold, and his or her name and address. * The buyer of each lot shall make, at the actual time of sale, such deposit on account of the purchase price as may be required. * In default of the two foregoing conditions, the lot or lots so purchased may at the option of the auctioneer be again offered and resold.
6. Title passes with the fall of the auctioneer's hammer, and thereafter the property is held at the purchaser's risk, with neither the consignor nor the Galleries having any responsibility for the loss of, or any damage to, any article by theft, fire, breakage, however occasioned, or any other cause whatsoever.
7. All lots not paid for in full and not called for by the purchaser by noon of the day following date of sale may be stored by the Galleries in any warehouse of its selection pending delivery to the purchaser. All costs of such cartage and storage and any other charges, together with all risk of loss or damage occasioned by such removal and storage will be charged against the purchaser. * The Galleries reserves the right, in respect to any or all included in the bill, in any instance where the bill has been paid for in full by noon of the day following the date of sale, any other stipulation in these conditions of sale to the contrary notwithstanding, either to cancel the sale thereof or to resell the same at public or private sale, without further notice, for the account of the buyer and to hold the buyer responsible for any resulting deficiency together with all costs and expenses of the resale.
8. The Galleries exercise great care to catalogue every lot correctly and endeavor therein, and, also, at the actual time of sale, to point out any error, defect, or imperfection, but no guarantee is made by either the consignor or the Galleries of the correctness of the description, genuineness, authenticity, or condition of any lot. No sale will be set aside because of any incorrectness, error of cataloguing, or imperfection not noted or pointed out. Every lot is sold "AS IS" and without recourse.
9. Every facility for the employment of packers and carriers by the purchasers will be offered by the Galleries, but no responsibility will be assumed for any damage arising from the acts of such packers and carriers.
